## REPORT FOR THE YEAR 1940

The year which has just passed has been the first complete year in which the Hospital has been working under war conditions.

As I mentioned in my Report for 1939, not only were a number of the Hospital beds reserved for casualties under the Emergency Hospital Scheme, but a part of the buildings has been taken over as a First Aid Post. The number of beds available at the opening of hostilities was 140, of which 100 were reserved for casualties under the Emergency Hospital Scheme, but later on this number was reduced to 80, leaving 60 for the civilian sick.

Like a good many of the other Hospitals in London we have suffered damage by enemy action and the greater part of the Maids' Home was destroyed last autumn. A claim has been lodged for the cost of the damage, and it is hoped to start restoring the Home before long. The war has involved us in heavy expenses, among which I would mention the premiums payable for the insurance of the contents of the Hospital, Nurses' Home and Convent, and we earnestly hope that those who have so generously helped us in the past will continue to do so in the future.

Subscriptions and Donations will be gratefully acknowledged by the Secretary, Hospital of St. John and St. Elizabeth, 60, Grove End Road, N.W.8. Subscriptions and Donations may also be paid direct to the Account of the Hospital at Barclay's Bank, Ltd., 46a, Wellington Road, N.W.8. A Banker's Order Form, and forms for subscriptions and donations will be found at the end of this Report.

For those who may be kind enough to remember the needs of this Hospital when drafting their Wills, the following form of legacy is appended :

I give and bequeath to the Treasurer or Treasurers for the time being of the Hospital of St. John and St. Elizabeth, London, the sum of £       :       : free of duty, for the general purposes of the said Hospital.

For those who may desire to add a Codicil to an existing Will, a Form of Codicil will be found at the end of the Report, together with an Attestation Clause which must be completed when the Codicil is signed.

### First-Aid Post.

As it is the policy of the Ministry of Health that the care of walking wounded should devolve upon local authorities, the Borough of St. Marylebone has been granted the use of part of the Private Patients' Wing for use as a First Aid Post. The whole of the personnel in the First Aid Post, which is under the direction of Dr. R. A. Parsons, are in the employ of the Borough, and no cost in connection therewith falls upon the Hospital. It is hoped that a satisfactory arrangement will be made with regard to the rental to be paid for the use of those portions of the Hospital used by the Borough as a First Aid Post.

### Accounts.

The total Income and Expenditure for the year, as compared with the last two years, are as follows :—

	1938.	1939.	1940.
Total Ordinary Income	£33,370	£30,985	£28,558
Total Extraordinary Income	2,686	1,293	725
	<hr/> £36,056	<hr/> £32,278	<hr/> £29,283

	1938.	1939.	1940.
Total Ordinary Expenditure . .	£35,219	£31,554	£29,717
Total Extraordinary Expenditure	—	—	—
	<hr/> £35,219 <hr/>	<hr/> £31,554 <hr/>	<hr/> £29,717 <hr/>

The Accounts for 1940 show an excess of Expenditure over Income of £434 as compared with an excess of Income over Expenditure of £724 in 1939. The amount received from Legacies was £725 as compared with £1,293. As I have pointed out on several occasions in my Report, Legacies are a most uncertain source of revenue, and I appeal to those interested in the Hospital to do all in their power to obtain additional Donors and Subscribers in order that serious financial embarrassment may be avoided when there is a sudden diminution of Income from bequests.

There was again a falling off in Donations to the General Fund, the amount received being £1,077 as compared with £1,695. The sum of £5,505 12s. 1d. received for the Building Fund is made up of Donations from the Brampton Trustees of £4,460 15s. 7d., a grant of £450 11s. 10d. from the Ministry of Health, and £594 4s. 8d. for the Rheumatism and Arthritis Fund.

The fees received from Private Patients dropped from £10,164 to £4,646, due to part of the Private Patients' Wing being taken over by the First Aid Post.

#### Annual Subscriptions.

In my Report last year I referred to the advantages which can be derived by the Hospital if subscribers would be good enough to enter into an agreement to pay their subscriptions for a period of seven years, or during their lifetime, whichever period is shorter. Now that Income Tax is at the very high rate of 10/- in the £1, the Hospital would derive still greater benefit than before. By signing the form which will be found at the end of this Report a subscriber enables the Hospital (at no additional expense to himself) to recover Income Tax on his subscription. In this way with Income Tax at 10/- in the £1 the Hospital receives no less than £2 2s. 0d. for every guinea subscribed, and payers of super-tax may deduct the gross amount on their Super-Tax returns. A number of Subscribers have already entered into an agreement in this way, and I should be very grateful if others would follow their example.

#### Work of the Hospital.

The number of patients admitted during the year was 1,055, as compared with 1,502 in the previous year. The number of operations was 763 as compared with 1,120 in 1939. In the Massage Department there were 2,446 Patients' attendances, and 3,995 treatments of various kinds were given.

In the X-Ray Department the number of Diagnostic examinations was 1,564, as compared with 2,070 in 1939. The total number of Deep X-Ray treatments was 368 as compared with 496 in 1939.

In the Pathological Department the number of examinations was 928 as compared with 1,547 in the previous year.

#### Radium.

Prior to the outbreak of war a special investigation was carried out by the National Radium Commission into the measures which should be taken to minimise the dangers to the public which might follow the dispersal of Radium as the result of enemy

bombing. As a result of these deliberations steps were taken to provide "bore-holes" in order that Radium might be stored in special containers, at least fifty feet below ground level. The Hospital's stock of Radium was deposited in a "bore-hole" at the Middlesex Hospital on the outbreak of war. The Radium was subsequently withdrawn for a time, but when the raids on London became severe the Radium was replaced in the "bore-hole." During the time the Radium was available thirteen cases were treated.

#### Medical Staff.

Upon the outbreak of war practically all the members of the normal medical Staff of the Hospital accepted full-time service with the Ministry of Health under the Emergency Medical Services Scheme, the Hospital being staffed by one physician, three surgeons, two blood transfusion officers, three anaesthetists and a Medical Superintendent, allocated to the Hospital by the Ministry of Health. A list of the War Emergency Staff will be found at the beginning of this Report.

As no air-raids took place several members of the peace-time staff accepted part-time, instead of full-time, service under the Ministry, and took up once more the care of the ordinary civilian sick who were in the Wards. The Board of Management have expressed their keen appreciation of the generous manner in which members of the War Emergency Staff devoted their time and energy to the treatment of the Ward patients during the temporary absence of the regular medical staff.

In the event of our wards being required for Air-Raid Casualties those members of the regular staff, who at the outbreak of hostilities were transferred to other Hospitals, will return to their duties elsewhere and the Emergency Medical Staff will take over the work of the Hospital again.

Of the peace-time members of the Medical Staff, Dr. W. S. C. Copeman and Dr. E. R. Boland are in the Army, and Mr. F. W. Roques and Dr. Ironside are in the Royal Air Force, all of whom carry with them the best wishes of the Board, and, indeed, of all those at the Hospital.

I deeply regret to report that Dr. Robert Dudley Roper, who joined the Navy on the outbreak of war, died suddenly in February, 1941. Dr. Roper was an anaesthetist to the Hospital.

Dr. F. J. Barker, Medical Superintendent, was transferred to another Hospital on the outbreak of war, and Dr. J. B. Mackenzie was nominated Medical Superintendent in his place for the duration of the war. Dr. Mackenzie holds a full-time appointment under the Ministry of Health.

#### Board of Management.

I very deeply regret to have to report the death of Mr. R. N. Roskell, who was for many years not only a member of the Board of Management, but acted as Honorary Solicitor to the Hospital. The Hospital is greatly indebted to him for the generous way in which he devoted his time to help the Hospital, not only in legal matters but in every other direction, and the Members of the Board greatly appreciated his unfailing kindness which endeared him to them all.

Owing to their inability to attend the meetings of the Board of Management the Very Reverend J. Bolland and Sir Seymour Hicks have not been re-appointed on the expiration of the term of three years for which they were originally elected.

#### Government Grant.

It has been arranged that the full cost of the provision of beds for Air-Raid Casualties will be met from public funds, but the Hospital has to meet the cost of

the maintenance and treatment of all ordinary Hospital cases. The Ministry of Health makes interim payments at the rate of £3 1s. 6d. per week per unoccupied Casualty bed, and £4 10s. 8d. per occupied Casualty bed, the amounts due being paid direct to the Hospital Bankers every fortnight.

The method of the calculation of the cost of the Emergency Bed Service has now been agreed between the Ministry of Health and the British Hospitals' Association and the necessary forms, which are of necessity extremely complicated, involving as they do detailed allocation of all items of expenditure as between Hospital patients, Private Rooms, and Casualty beds, are now in course of completion by the Secretarial Staff.

The interim payments received from the Ministry during the year, as will be seen from the accounts, amounted in all to £12,096.

#### Grants and Donations.

The Board wish to record their grateful thanks to the Council of King Edward's Hospital Fund for London for a Grant of £700 and a supplementary one of £250 for 1939 to the General Fund; to the Committee of the Hospital Saving Association for a Grant of £1,763 and to the Committee of the Hospital Saturday Fund for a Grant of £102. The amounts received from the Hospital Saving Association and from the Hospital Saturday Fund are entirely dependent on the number and length of stay of patients who subscribed to these Contributory Associations. The Board also acknowledge with gratitude a donation of £240 from the Metropolitan Hospital Sunday Fund.

I wish to thank, on behalf of the Board, all those who have been kind enough to give Annual Subscriptions amounting to £971 7s. 0d., and Donations amounting to £1,077 8s. 8d., and, in particular, the Bernhard Baron Trust for a donation of £100 to the General Fund and £100 from the British Red Cross to the Arthritis Fund.

The Board wish, too, especially to thank all the Cinema proprietors who have so kindly nominated this Hospital to receive a share of the proceeds of Sunday Cinematograph performances held within the area of the London County Council.

#### Training School for Nurses.

Immediately upon the outbreak of war, forty Nurses were transferred to a base Hospital further out of London, leaving a Staff of thirty-five Nurses for 100 Casualty beds.

During the year twenty candidates entered for the Final State Examination, eighteen of whom passed, and eighteen entered for the Preliminary Examination, of whom sixteen passed.

#### Knights of St. Columba Contributory Scheme.

During the year the sum of £165 has been received from the Knights of St. Columba Contributory Scheme, the same as in 1939. Six contributors and seven dependants were treated in the Hospital for a total period of 237 days. The average amount received per patient per week works out at £4 17s. 6d., as compared with £2 1s. 0d. in 1939.

I wish to thank Mr. R. J. Cleaver and his colleagues at Headquarters, as well as the workers in the various Councils, for all the time and energy they have given to promote the success of the Scheme.

**Trained Nurses' Institute and Co-Operative Association.**

Reference was made in my 1934 Report to the inauguration of a Trained Nurses' Institute and Co-operative Association, and it is particularly gratifying that the Scheme should have proved a success from the time of its inauguration.

The Board will be greatly obliged if those interested will bear the Institute in mind should they need the services of a Nurse by applying direct to the Superintendent, 34, Circus Road, N.W.8, Telephone Primrose 2788, or through the Hospital.

In conclusion I wish to express the thanks of the Board to the Medical Staff, the War Emergency Staff, Administrative and Nursing Staff for the admirable way in which they have carried out their duties during a year of abnormal difficulties and considerable strain.

(Signed) G. M. W. MACDONOGH,  
Chairman.
